

September System

low level disk system less

- 1) swapping
- 2) ~~process~~ pseudo-close
- 3) space control!

directory less

- 1) subprocess desc
- 2) .ECS goodies
- 3) global objects
- 4) accounting!

in test by Aug

disk dump + load (Keith)

command processor + subprocess desc. ala bead
+ line collector
+ login, logout, accounting

scope simulator

disk recovery
